23 December 1983

Tom Cormack
Executive Secretary

History Staff Bi-Weekly

On old business, Mr. Briggs has sent Ken's report on OSS documents on to the Director, recommending approval. P&PD reportedly was to send the DCI/DDCI booklet to press this week, following Ken's admonition regarding DCI interest.

Ken visited the Office of the Historian at the Department of State last week to look over a compilation they have made of intelligence documents for the period 1947-60. He has gone to the Records Center [redacted] along with [redacted] C/RMD/DA, to see the 3000 cubic feet of OSS documents. He also has an appointment today to meet with [redacted] representative at the National War College, about a lecture [redacted] is to give on intelligence history. Ken has also put him in touch with [redacted]

Dr. Mabon, a State Department historian, came to our office to review Agency documents he had requested from outside repositories. He reduced his request from 118 to 26 documents for DO review. He was also given a report on another of his document lists which included about 12 DO controlled documents, of which 4 were to be released to him through regular channels.

[redacted] had a long interview on the 14th with Art Lundahl and [redacted] about NPIC's role in the overhead reconnaissance program.

STAT

[redacted] has begun work on a new set of boxes of our documents from the Records Center which she is entering into the Agency's computerized record management system.

STAT

[redacted] has begun entering the various draft chapters of the Helms history into the Wang system.

STAT

Ken and [redacted] will be away next week attending the American Historical Association meetings in San Francisco, 27-30 December. Ken is going on to Seattle afterward, returning to work on 6 January. The other members of the staff will each be taking some holiday leave, but there will be at least two on duty each day.
